

1 Introduction

2 The NV^- Centre in Diamond

2.1 Basic physics

2.2 Applications in Quantum Sensing

2.3 Fabrication

3 Biological Sensing with NV^- centres

4 Conclusion

Patrick Maletinsky et al. “A robust scanning diamond sensor for nanoscale imaging with single nitrogen-vacancy centres”. In: *Nature nanotechnology* 7.5 (2012), pp. 320–324
